

Campus Politicians Vie For Top Student Representative Posts

Architects' High Hoopers

Five anxious architects are seen here being congratulated by a fellow student. These five are tentative members of the architecture basketball team; however, they may lose their positions to taller players.

Thirty-six candidates for SEC and Women's Union and innumerable campus politicians running for the Model Parliament will put their political careers at stake in today's elections.

Polling booths have been set up in prominent places around the campus. They will be open from 9 am to 4 pm.

Candidates for the Students' Executive Council are as follows:

ENGINEERING (elect 2) Jack Nowicki, Sol Polatshek, Jack Utsal; **COMMERCE** (elect 1) Ed Bierbrier, Marian MacDougall; **ARCHITECTURE** (elect 1) Moshe Safdie, John DuVernet, Louis C. Petty; **ARTS & SCIENCE** (elect 2) Irwin Cotler, Gael Eakin, Gordon Echenberg, George Fisk, Diane Kromp, D'Arcy 'Johnny' Lee; **LAW** (elect 1) F. Murray Greenwood, Norman May; **MEDICINE** (elect 1) Irwin Kornbluth, William Jarvis.

Those running for positions in the Women's Union are:

The candidates for Women's Union are: **NON RESIDENT MEMBER at LARGE** (elect 2) Ann Bennett, Joan Bradshaw, Elizabeth Duquet, Margaret Gavin, Lauren Hicks, Heather Bourne, Judy Lamb, Gail Parkins, Mari Pringi; **WOMEN'S UNION VICE PRESIDENT** (elect 1) Heather Attridge, Ina Frismanis, Vita Land; **RESIDENT MEMBER at LARGE** (elect 1) Maureen Appel, Peggy MacLean, Martha Plaxton; **W.A.A. REPRESENTATIVE** (elect 1) Claudia Bierman, Bertha Kalifon, Stephanie Nixon. An additional polling booth for women will be found in R.V.C.

Students Society Argue Hungary, Female Union

by JUDY ZEISLER

Due to the lack of a quorum yesterday, the Students' Society open meeting was unable to resolve the problem of the Women's Union and a stand on the Hungarian issue.

Considering the Hungarian Issue, Roy Heenan McGill NFCUS Chairman, first reported the presently known facts. An International Commission of Jurists, which is not affiliated with any government, stated that sentence was passed on thirty-six students in a trial which saw a large number of witnesses for the prosecution and none for the defense. Sentences ran from a five year imprisonment to the death penalty.

After an ineffective appeal in July, eight students were executed around August 13.

RESOLUTION

Heenan then submitted a resolution proposing the stand for McGill University on the Hungarian issue which read:

WHEREAS reports emanating from Hungary suggest that Hungarian youths are being unjustly tried and executed as a result of the 1956 Revolution in that country,

WHEREAS these reports have been partially substantiated by the International Commission of Jurists in their latest Bulletin,

WHEREAS the Hungarian Government has barred Sir Leslie Munro, the U.N.'s special representative on Hungary from visiting that country to ascertain the facts;

THEREFORE BE IT RESOLVED:

'That we the students of McGill University strongly protest to the Hungarian Government against any such injustices.

'That we further deplore the fact that Sir Leslie Munro has been prevented from investigating the situation and demand that the Hungarian Government allow such an investigation, and finally,

'That we request the Canadian Delegation to the United Nations to strive for a full debate and examination of the Hungarian situation by the General Assembly.

Introducing the topic of the Women's Union, Bryce Weir, President of the SEC, first stated the facts as they stand at the present time. The male students on campus are now paying \$3.50 to support the Students' Union, while women students' fees are

divided with \$1 going to the Women's Union and \$2.50 allotted to the Students' Union. An examination of the role and function of the Women's Union is necessary, said Weir, to determine the financial relationship between the Students' and Women's Unions and to establish the extent of facility requirements for the Women's Union in the proposed new union building.

POSITION DEBATED

Lillian Caplan, BA 2, took the floor to explain the position of the Women's Union. The Women's Union is interested in uniting the female student body and providing a program of events instituted for their benefit. During the course of these events, said Miss Caplan, resident and non-resident students are given a chance to get together and make new acquaintances.

The SEC is overlooking the individual in its schedule, said Norma Phillips, B.Com. 1. The Women's Union has filled this deficiency.

Since I don't see that the Women's Union has sufficiently fulfilled the purpose of uniting the female student body, the scholarship fund seems to be next on the list of importance, said Judi Zeisler, BA 2. However, this and other projects sponsored by the Women's Union could be carried out with equal success by one Students' Union which would comprise all students, male and female.

FINANCES CONTROLLED

John Roland B.Eng. 5, held that the finances of the Women's Union should be based on a statutory grant from the SEC. Student finances are controlled by this council on which the female students have a vote which is exactly parallel to the percentage of women on campus.

Every club on campus must be subject to the SEC, said Ted Higgins, B.Eng. 5. If the Women's Union is deemed a necessity, its finances should be provided either by a statutory grant from the SEC or the women should tax themselves to gather the needed amount.

Candidates from all faculties for the coming SEC elections were introduced to the students at the meeting.

Students, M. P.'s Debate At Redpath Hall Tonight

Tonight, in Redpath Hall, the Hon. George Nowlan, Minister of National Revenue, and Mr. W. He-

ward Grafftey, member of Parliament for Brome-Missisquoi, will challenge two of McGill's top debaters, Roy Heenan and Claude-Armand Sheppard, in the third of

LAW GRADUATE

The Hon. George Nowlan is a law graduate of Dalhousie University. His political career began in Nova Scotia, in 1925, when he was elected to the legislature. He joined the federal government in 1948, when he became member of Parliament for the Annapolis-Kings riding. Mr. Nowlan is now the Minister of National Revenue in the Diefenbaker cabinet. He is also the Minister responsible for reporting to Parliament for the Canadian Broadcasting Company.

Mr. W. Heward Grafftey, graduate of the Faculty of Law of McGill University, returns to his alma-mater for this debate. Mr. Grafftey was elected to the House, for the first time in 1958. He is the representative for Brome-Missisquoi riding.

PARLIAMENT AFFIRMATIVE

The two members of Parliament will uphold the affirmative side, while the negative will be defended by Sheppard and Heenan. Mr. Claude-Armand Sheppard, McGill law graduate of six months, held the Greenshields Scholarship for three years during his academic career. Mr. Heenan was president of the McGill Students' Executive

Council, last year. Both Mr. Sheppard and Mr. Heenan have participated extensively in intercollegiate debating and student affairs.

Admission is free and the public is cordially invited to attend tonight, at 8:30 pm, in Redpath Hall.

Van Coming Soon

Bill Bewley of the Montreal Alouettes will open the annual Treasure Van Sale in the Union Lounge Dec. 7, at 1:30 pm.

The sale continuing until Dec. 11, will raise money for World University Service, in particular for scholarships for Canadian students who wish to study in foreign countries.

This year the Treasure Van, taken over by a WUS sub-committee, promises to offer a greater variety of articles at more reasonable prices. Previously the Van had

been run by Mrs. Mulvany who did her own buying and administration and donated the profits to WUS.

Among the jewellery, tapestries, ornaments, and pewter ware on sale will be French earrings and cuff-links of modern impressionistic design. The articles on sale this year will be of interest to students, will be less expensive, and of greater variety.

Following the opening day, the sale will be in progress from 11am until 9 pm.

ARTS & SCIENCE - ELECT TWO

IRWIN COTLER

If elected, I will do my best to make my representation truly representative. However, there are certain specific principles which will guide my behaviour:

- 1) support of the New Union with an attempt to incorporate an "International House" in its wing;
- 2) reorganization of the ASUS on a sounder financial basis;
- 3) perseverance of policy for reduced tuition fees;
- 4) above all - to make the SEC a more REPRESENTATIVE and RESPONSIBLE body; more representative through open meetings between the students and their representatives; more responsible by more extensive coverage by the Daily of the representatives' behaviour at SEC meetings.

Let us make representation truly representative; let us make the SEC a real student government.

PENSKECH

An Honours student in Philosophy and Political Science, Irwin was class president in his freshman year; a member of the novice and senior intercollegiate debating team; Gold "A" debater; winner of the Talbot-Papineau Cup awarded to the finest speaker at McGill; Blood Drive; Vice-President of Hillel Foundation; Debating Union Executive; Delegate WUS National Convention; University Model Parliament; McGill Open House.

On the basis of his ideas, his administrative experience, and his personal character, we strongly recommend Irwin Cotler as SEC representative for Arts and Science.

GAEL EAKIN

It is the duty of each SEC member to represent the student views of his faculty. With this in mind, if elected, I will try to do the best of my ability to promote and protect all the interests of our faculty, by closer co-operation between the student body and the representatives to the SEC, so that with our interests in view, the continued struggle for better conditions in such issues as the financial situation and the New Union building may be forwarded with new vigour.

PEN SKETCH

During her two years at McGill, Gael's work has embraced many phases of student activity.

This includes Women's Union Executive 1958-59, Daily cartoons 1958-59, Freshie Reception 1958, W.A.A. Awards Banquet 1958, Winter Carnival Poster Design 1959, Publicity - Open House 1959, Editor Clue Book 1959, Convocation 1959, Annual 1960. She has been on the Intercollegiate Ski Team 1957-59, the Soccer Team 1957-59 and was President of the Soccer Club 1959. She is a Red Wing.

We feel that this range of activities reflects an exceptional knowledge of student interests and eminently qualifies her to represent her Faculty of Arts and Science on the SEC.

GORDON ECHENBERG

It is, as you know, impossible for anyone to offer a solution for all student problems. I simply shall attempt to solve the problems which may arise in the best interests of our Faculty and to the best of my ability.

At present, the all important object is for the SEC to be identified more with the student and less as an elite group. The more active participation on the part of the student must be initiated immediately. We must combat apathy and this could be done in one way by pressing for the immediate construction of our long awaited new union. Let us do it together.

PEN SKETCH

We submit that Gordon Echenberg is capable of handling this responsible position.

Gordon is a third year Art's Student and has been active in Campus Affairs. An active debater for three years (senior and novice) he was also a member of the Debating Union Executive, for which he received an Executive Gold Award. He was a member of the Executives of the McGill Liberal Club and also the Quebec University Liberal Federation. He has worked on Combined Charities and is presently a member of the Scarlet Key. Therefore, the man for this position is Gordon.

GEORGE FISK

Although it has been active in external affairs, the S.E.C. has done little which benefits the average McGill student. If elected, I propose to remedy this situation by:

- 1) More equitable distribution of S.E.C. finances. Each regular undergraduate pays \$9.00 to the Students Society. Much of this is presently apportioned to specialized hobby clubs with few members, while the majority of students do not benefit from it.
- 2) Greater supervision of Undergraduate Societies. With S.E.C. co-operation and direction, the A.S.U.S. could be encouraged to expand its programme, and so reach more students in the faculty.
- 3) Better publicity for events at which McGill is represented. A more extensive programme of talks and panel discussions should be arranged for returned delegates than is presently done. In this way, insights gained at the conference could be shared with the whole student body.

PENSKECH

We, the undersigned, nominate GEORGE FISK as S.E.C. representative. Besides being a University Scholar, George is president of Canterbury, an active member of Scope, the Choral Society and the Chemical Institute, and has appeared in McGill dramatic productions. His wide experience and organizing ability make him an outstanding candidate.

DIANE KROMP

In pure honesty, I cannot promise to solve every problem for you, but I can try to do the very best in my power. I promise to continue with vigour the work so far accomplished by the Students' Executive Council toward better conditions for the students and the university as a whole; to promote and protect the interests of our Faculty and the various organizations within it, i.e. Fraternities and Clubs; to represent with fidelity the students of the Faculty of Arts and Science through personal contact wherever possible.

PEN SKETCH

Our candidate's qualities of leadership and experience merit her election to the SEC. Diane is a third year Arts student. She entered McGill in 1957 after having graduated from Trafalgar School for Girls where she acquired the Fairley Prize for being an asset to the school. She has demonstrated an active interest in many phases of campus activity. Diane is the President of the Association of Polish Students and Secretary of the Council of National Organizations. Her sincerity, keen sense of responsibility and enthusiasm to work on behalf of our Faculty deserve your support. Vote for Diane Kromp.

ARCHITECTURE - ELECT ONE

MOSHE SAFDIE

The student body is passive to its government; if elected I will do my utmost to awaken the students' interest in the S.E.C.

Should the problem of the students' financial interest arise, I will favour a strong stand by the S.E.C. with the view that education responsibility is a governmental one. I will demand that a representative of the School of Architecture be a member of the New Union Committee, in an attempt to make this future building an asset to McGill.

I will try to promote an understanding of the School's work on the campus, as well as represent the A.U.S. to the best of my ability.

PENSKECH

Moshe Safdie has been very active in campus activities since he came to McGill in 1955. He has been chairman of the Council of National Organizations of McGill, president of the Canadian Israeli Students Organization, and he is very active in the A.U.S., being chairman of the year he is class president.

Moshe is also an extremely good student and has won five prizes for his work since he entered the School of Architecture, and last year he came first in his class.

We feel that these qualifications justify our nomination.

Morris Charney Istran Meres

LOUIS C. PRETTY

As S.E.C. representative for the School of Architecture if elected, it is my intention to do my best in the interest of the A.U.S.

We, the undersigned, strongly recommend the election of Louis Pretty to the position of S.E.C. representative for the School of Architecture.

Louis has always participated in all A.U.S. activities, and has always given his time and full

JOHN DUVERNET

I present no firm election platform other than a keenness to serve both the Architectural students in particular and the student body at large.

With judgement and an understanding of the situation I will try to help solve the issues before the council. When these issues involve the School of Architecture a complete liaison with the students will of course be maintained.

Active representation is my intention. With your backing I will be able to achieve it.

PENSKECH

We the undersigned believe that John DuVernet is the man most suitable for representing the Architectural Undergraduate Society at the S.E.C.

He is A.U.S. film committee chairman, class secretary, captain of the floor hockey team, and on the executive of the McGill Film Society.

His activities in the past have him to have initiative, good judgement, and a high sense of responsibility. Because of these qualities we sincerely endorse his nomination.

D'ARCY 'JOHNNY' LEE

There are seven thousand students at McGill, nine hundred of whom come from countries other than Canada. If I am elected, I will endeavour to do my best not only for the students of Arts and Science but also for the whole student body.

Cosmopolitan McGill needs an International House. An International House would provide residence for both foreign and Canadian students plus facilities for social, recreational and cultural activities. At present, the sole means of finance is the annual Flying Carpet. Indeed, the SEC should take a more active interest in it. As representative for Arts and Science in the SEC I will be in a position to further this project.

PEN SKETCH

As a member of the International House Committee, Associate Producer of the Flying Carpet, and Quartermaster of the Redmen Band, Johnny has gained valuable executive experience, and his participation in the Cosmopolitan Club, the pre-medical Society, the West Indian Society and K.R.T. Fraternity gives him a broad perspective on the problems of Arts and Science.

We believe that the earnest, energetic spirit that Johnny has brought to his many campus activities will serve Arts and Science well in the SEC.

Montrealer Reprints Forge "Devil May Care" Holds Auditions Next Monday

THE MONTREALER magazine will reprint the best material from this year's FORGE. This special supplement will appear as part of a regular issue shortly after

FORGE is published this spring. A story, a poem, and possibly a non-fiction article will be reprinted. The editors may decide to use more if they think the material shows sufficient merit.

THE MONTREALER is published monthly, and has a circulation of 24,000 copies. Although it is of particular interest to residents of Montreal, forty percent of its circulation goes to subscribers across Canada.

This is the first time in the history of FORGE that such an arrangement has been made. The editors of THE MONTREALER made their decision after being shown a copy of last year's FORGE. They were satisfied with the quality of the magazine and feel sure that their readers are interested in the creative work of university students. This year copies of FORGE will be sent to a number of critics and univer-

sities in Canada and the United States.

Contributions to FORGE are also eligible for the Chester Macnaghten Prizes. Two prizes, one of \$50 and the other of \$30, are offered annually for creative writing. A copy of the work must be submitted to the Registrar. Awards are made by the University Scholarships Committee.

FORGE, in conjunction with The Player's Club, tentatively plans to print one of the one-act plays produced in "EXPERIMENTALS 60" to mark the tenth year of experimental theatre at McGill.

The preliminary deadline for contributions to FORGE is December 18, 1959. The final deadline is January 8, 1960. Manuscripts must be typewritten, double-spaced, and may be left with George at the Tuck Shop in the Union.

Auditions for "Devil May Care", this year's Red and White Revue, will be held on Monday and Tuesday of next week.

The Director, a man generally considered to be the best Director Choreographer in Canada, a man whose name will be released in tomorrow's Daily, will be in attendance.

Interviewed last night, he expressed the wish that all dancers, and those performers who could "hoof even a bit", audition Monday evening starting at 8 o'clock. On Tuesday morning, from 10 to 12 am, singers and actors, Tuesday afternoon, 2 to 4 pm, dancers again, and Tuesday evening after 7 pm, actors and singers.

Revue Producer Ian Binnie looked forward to a large turnout at auditions. "This year we have a really first-class director and a script which is shaping up very well indeed," he explained, "every indication points to an excellent show. It's a terrific opportunity for anyone with even a spark of talent who wants to learn and who isn't afraid of some hard work during January, primarily the evenings. Besides it's a helluva lot of fun."

It was stressed that experience, though valuable, is certainly not necessary. Anyone who is interested in performing in "Devil May Care" but who cannot attend any of the auditions is asked to contact the Producer in the Revue office (Union basement). If he isn't there leave a message in his pigeonhole.

Four Showings of Othello in PSCA December 4, 5

Twelve hundred English 100 students will have the opportunity of seeing a film of the Shakespeare play they are studying this year, when the Russian film of the Shakespearean tragedy "Othello" will be shown next month through the co-operation of the McGill Film Society.

The picture will be shown in the PSCA four times: Friday, December 4, at 6.15 and 8.30 pm, and December 5 at 2 and 8.30 pm. Tickets are available now at the SEC office for .50 and students are advised to get their tickets for the showing they want as early as possible.

This version of the movie is in colour, and is highly recommended to all first year students, since it is on their English course, and to all second year students honoursing in English.

Don't Vote

Probably less than fifty per cent of the campus will go to polls today to elect eight representatives to the Students' Executive Council. If, by this time, you have not decided for whom you will vote and for what reason, don't vote.

Each year the students are exhorted to vote. Eager beavers, parroting a slogan borrowed from our friends south of the border, beseech and entreat us to "Vote as you wish, but VOTE". Now it is true that voting is a democratic right, and that it is also a duty. But to vote just for the principle of voting is merely an abuse of this right and a dereliction of duty.

Earlier this week we printed a general set of rules to aid students in choosing their representatives. It was pointed out that those elected would be assuming a very responsible position, and that a certain amount of research into the capabilities of the candidates was required before a prospective voter came to his decision. If you have not given this election any serious consideration, don't vote. If you are just going to choose arbitrarily a name from the ballot, or plan to put your X beside the name of someone your friend is voting for, don't vote. And if you are simply going to the polls "for the principle of the thing", don't vote.

By voting indiscriminately you will only be harming the Students' Society as a whole. It is far better that only ten per cent of the student population vote, and vote intelligently, than having a 100 per cent turn-out of students who vote without knowing what they are doing.

The Toronto Farcity

The *Daily's* counterpart at the University of Toronto is a newspaper called *The Varsity*. In certain respects it is unique among college papers. The writing has a lively, interesting flair, and other college newspaper editors have been known to say that *The Varsity* could make a story out of anything. This sort of quality does have its place in the newspaper racket, but sometimes we think *The Varsity* overdoes it (perhaps, after reading *The Telegram* and *Toronto Star* all their lives, this is what *The Varsity* writers think a paper should be). A case in point was this Monday's issue of *The Varsity*.

A front page article proclaimed that the grants issue in Quebec had been completely solved. It continued to outline the plan by which Quebec universities would now receive money from the province in lieu of federal grants. Now, anyone who has bothered to keep himself up-to-date on the situation would know that the supposed "solution" is utter hogwash. The plan under which Sauvé wishes the problem to be solved has been public for at least a month. The only comment from Federal authorities, including that from Finance Minister Fleming last Friday, has been admittedly amicable towards Sauvé's avowed hope to settle the grants issue, but never has there been one word of approval for the particular plan. And the only news emanating from Quebec City last Friday (when *The Varsity* claims the settlement was reached) was a story reporting that Fleming's comments had sparked new hope that a solution soon would be arrived at. Hardly the same thing at all. Perhaps *The Varsity* did not think the news good enough for its paper and, wishing to scoop all of Canada, prematurely announced all was solved. Sensationalist perhaps, but hardly news reporting.

To top everything off, though, *The Varsity's* editorial, entitled "Vindication", supported one hundred per cent the Quebec government's stand on grants down through the years. Everyone is entitled to his opinion, and if *The Varsity* wishes to believe that playing political football with an autonomy clause and thus depriving Quebec universities of their funds is a good thing, we will not dispute its right in saying so. But this is hardly consistent with an issue on Quebec published last year by *The Varsity* which went to the other extreme and called Premier Duplessis a Hitler for his stand on just this same problem.

Before straying into the Quebec political field, either editorially or through supposedly news stories, *The Varsity* would do well to check its facts.

Letters

Growth, Union and Overpopulation

Sir:

It has been brought to our attention that the Progressive Conservative Club at McGill has been advocating, as part of its party platform, a policy of "growth through Union". Certainly, sir, such a policy can be no more than a backward step. It is our humble opinion that the students of McGill are much more receptive to a platform of "Union without growth". Perhaps, sir, this might be interpreted as an attempt to evade the issue, but to advocate otherwise would be inconceivable.

Just imagine, sir, what would happen if a party advocating our suggested platform would achieve political power — the grave and complex world-wide problem of over-population would be solved in one swell foop.

Mao Tse-Tung, Physio. 2

What's the Matter With Old McGill?

Sir:

Letters with titles such as the above were probably appearing in the *Daily* in the days when such a question had the flavour of a personal insult. But really, one must now be forced to take the question seriously after the sad news which broke upon the world recently, though apparently unnoticed, since it does not appear to have caused so much as a ripple on the campus surface. Nor yet can one find any leadership in the *Daily*, where of all places, one would expect to find ears alert to the International Campi Bush Telegraph Service.

It was announced that the International Baby-carriage Pushing Contest, previously held by the University of London (100 hours non-stop) has now passed out of Britain to (if I recollect correctly) Australia. If this does not rouse the spirit of University pride; the urge to rise up and achieve something worth while for the honour of our Alma Mater; the irrefragable desire to awaken and visibly demonstrate that McGill but slumbers awhile and is not yet dead: then we may well fear for the future.

If I do not see young McGillians eagerly propelling baby-carriages along Sherbrooke Street in earnest training sessions, I shall be a very disappointed man. Were I ten years younger nothing could prevent me from demonstrating to the world that when it comes to the supreme test, McGill can push a baby-carriage with the best of them. As it is I can only offer my services as a coach to those whom I know will come forward to accept the challenge and enable us to look any member of a Commonwealth — nay, any — university squarely in the eye.

INDICATE CHOICE WITH X ONLY

COMMERCE — ELECT ONE

ED BIERBRIER

I am asking for your support in seeking this position because I want to concentrate on providing T.R.U.E. representation on your behalf.

The main issues that I shall support are:

- 1) Informing all Commencement of proceedings and outcome of meetings;
- 2) Unfearingly stand up for the rights of those I represent;
- 3) Ensure adequate funds are available for our Undergraduate Society program. I propose to:

- 4) Immediately present a motion applying for SEC grants to CUS. No grant has been requested though SEC has agreed in principle that we receive this money.

I will afford you dynamic leadership to the best of my ability.

PEN SKETCH

We believe Ed's record of extensive experience and practical knowledge of students affairs render him the logical choice for SEC.

Ed has served as Treasurer of the Students' Union, Member of the Union Board of Managers, Intramural Sports Editor and desk editor of the Daily. He has been on the Commerce executive and Scarlet Key. Ed was Chairman of the Commerce division for Open House.

We suggest Ed Bierbrier, for experience combined with a keen desire and will to serve us. We can only give you his qualities, it's up to you to vote.

MARIAN MACDOUGALL

A Faculty Representative on the SEC has the responsibility not only of representing, but of expressing the interest and feelings of his faculty and of continually and sincerely devoting his energies to a successful Student Government. To this end, if elected, I will strive to carry out my duty to McGill and to Commerce to the best of my ability. I further aim to:

- 1) Insure that the necessary financial assistance be given to the C.U.S. in order to run its program;
- 2) work for a successful integration of women in the new Students' Union.

PEN SKETCH

In our opinion, Marian MacDougall is extremely well qualified to serve as SEC Representative for Commerce. In the course of the last three years she has compiled an enviable extra-curricular and academic record. She has worked on the W.A.A. as First Year Representative, Commerce Representative and now as Treasurer, as well as on the Executives of the Blood Drive and Freshman Reception. Marian is a Red Wing. In addition, she was responsible for retaining Bloody Mary, while acting as Chairman of the Commerce Blood Committee. Athletically, Marian has represented McGill on the skiing and tennis intercollegiate teams since first year.

JACK NOWICKI

Student government at McGill suffers from "professionalism". The average student really has very little to do with it, and he knows very little about it. It is nominally representative government; but the man who is almost more of a professional politician than a student is rarely representative of the student body — and neither is a front man.

My first aim would be to represent the engineer as such, to the best of my ability. To keep you well informed of SEC proceedings, I propose to submit reports for publication by the engineering periodicals.

To reduce the financial strain on the lower years, I propose that an efficient book exchange, and a book rental service, be established.

A candidate should be selected on the basis of what he stands for alone. Remember that you are electing your representatives, and not paper hangers of interior decorators. I hope I have made myself clear, and that the things I stand for are what you, my fellow students, want.

PEN SKETCH

Activities: Assistant producer of the Flying Carpet; MCWA executive member; former president Polish Students club, member of the amateur radio club, MOC, camera club.

ENGINEERING — ELECT TWO

SOL POLATSHEK

It is through your elected representative to the S.E.C. that your aspirations and interests are mirrored to the McGill Community-at-large. You must therefore carefully consider this election on the basis of each candidate's qualifications.

Among others, the following qualifications are essential:

- A. A thorough understanding of the Engineers' interests.
- B. The ability to express their issues before the councils of student affairs.
- C. The maintenance of close liaison with the E.U.S.

I believe that I possess the ability to provide the high standards of representation expected by and from Engineers.

PEN SKETCH

In the interests of securing the most qualified representative on the S.E.C., we sincerely urge you to elect Sol Polatshek.

Sol graduated from Baron Byng, and worked for several years before entering the Faculty of Engineering in 1956.

Among his many and diverse campus interests and past activities are the following:

1. 4th Year Civil Class Representative 1959-60.
2. 2nd Vice-president, Civil Engineering Society 1959-60.
3. McGill representative to U.M.U.N. 1959-60.
4. Vice-president of Hillel Foundation 1957-58.
5. U.N.T.D. (Executive Branch) 1956-58.
6. Editor-in-chief, Hillelight 1957-58.

We are convinced that Sol has the administrative and representative calibre, the necessary experience, and the sincere dedication towards the interests of his fellow Engineers.

JACK UTSAL

The cost of an Engineering education today is high. If elected, I promise to 1) campaign for more and bigger bursaries and loans for Engineering, and 2) through the SEC as a pressure group, discourage the further raising of fees.

With the new union to be realized in the foreseeable future, it must be ensured that it will have ample facilities for the holding of Engineering of stags and smokers. This I will look after.

Above all, I shall serve Engineering to its best interests, and keep you informed of what is being done.

PEN SKETCH

A high-average student in fourth-year electrical, Jack Utsal is an executive of his fraternity and regional chairman of Fraternities Locales (Independent Fraternities). He is also president of the McGill Estonian Society, and a member of the Society for the Advancement of Management. Jack's wide interests also include a stint on the Intercollegiate Swim Team.

Engineering has always stood above all other faculties at McGill in supporting and advancing college activities and college spirit. Such a reputation must be preserved by electing a representative equally as dynamic. That's why we wholeheartedly support Jack Utsal for Engineering Representative for SEC.

LAW — ELECT ONE

F. MURRAY GREENWOOD

If elected, I will sincerely try to perform my duties as a "bon père de famille" and to enrich our collective patrimony at every equitable opportunity. On the more esoteric level I will move for the reduction of the code of procedure to a handful of plithy articles and I will be duty bound to resist the dangerous tendency, now widespread, to make the teaching of law at its relevant to all practice.

We, the undersigned, do hereby testify to Murray's capabilities. We feel that his participation in law faculty activities and athletics, as well as his abilities of mind and character as attested to by his Rhodes Scholarship, make him the best representative of the law faculty to the SEC:

Paul Carriere
Jimmy Grant
Bob Cowling
Tim Carsley
Tom Gillespie
Douglas Robertson

NORMAN MAY

I am, if elected, fully prepared to devote my utmost energy to serve the interests of all the members of the Faculty of Law: "and for greater certainty, but not so as to restrict the Generality of the foregoing." I intend to:

- 1) work towards increased SEC subsidization of the Law Journal;
- 2) establish, under the aegis of SEC, a special committee to investigate and report to the University authorities on the library situation at McGill, with a view towards:

- a) extending library hours in the Graduate Faculties, e.g. Law;
- b) promoting a more reasonable lending policy and encouraging further co-operating between students and library staff.

PEN SKETCH

An SEC representative ought to have, in our opinion:

- a) proven executive ability;
- b) extensive experience and a genuine interest in student affairs.

On this basis, we endorse Norman May, and submit his record as evidence that he fulfills these necessary qualifications:

- 1) Chairman, Blood Donor Clinic, 1958;
- 2) Gold Key Debater, Treasurer Debating Union;
- 3) Class President, 1958-59, 1959-60;
- 4) Secretary-Treasurer, L.U.S.;
- 5) Editorial Board, McGill Law Journal.

We urge you to elect Norman May as your representative to the SEC.

MEDICINE — ELECT ONE

IRWIN KORNBLOTH

The Students in the Faculty of Medicine are by and large insulated from the remainder of the campus because of their unique schedule, geographic location and their independent and varied interests. Because of this, I feel that they should be well informed of the activities and policies of the SEC, the only official liaison between the students and the University and the public. Better information, a review of the policies of the "McGill Daily" and the distribution of Society fees are the issues I would follow. With this platform and the qualifications listed below, I believe I can serve the Faculty well.

ADMISSION—to McGill 1953, Honours Physiology on University Scholarship.

PEN SKETCH

PAST HISTORY—Active interest and participation in student affairs, including:

- Scarlet Key Honours Society, Med. 11 Class Executive, President and Treasurer Pre-Medical Society, Treasurer and Membership Chairman, Hillel Foundation (Governing Board and Executive), Member of Committees for Open House, Winter Carnival, Intramural Volleyball and Swimming, Student Conference as McGill Representative.

PROGNOSIS—With this extensive executive experience, high scholastic standing and outgoing personality, we feel that Irwin is the choice for SEC Representative.

WILLIAM JARVIS

This seems perhaps to be a time of impending change in various phases of the undergraduate organization, with which we, of the MUS, are vitally concerned, being a member of the SEC. Our financial relations (notably) with the SEC during the past two years have been excellent. Also notable has been a lack of attempts at power politics. It seems that a new level of financing acceptable to all concerned has been maintained through co-operation.

Finances are, however, only a part of what lies at hand. Through this office, we are given means by which to express views on issues not primarily concerned with the MUS.

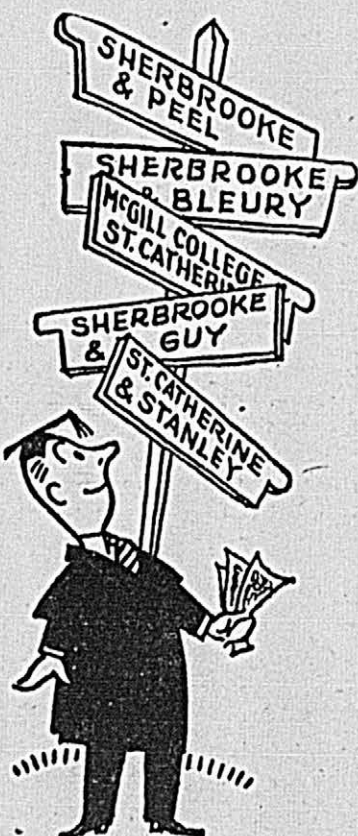

Consequently, our faculty is enabled to contribute to life at McGill. Not to be excluded is the potential to further bridge the gap between the lower campus and the faculty up on the corner.

WOMEN'S UNION VICE PRESIDENT

HEATHER ATTRIDGE

We, the undersigned, sincerely believe that Heather exhibits both the enthusiasm and executive qualities which merit her election to this important position. During her three years at McGill, she has participated in a great variety of activities on campus.

- 1) W.A.A. Executive: 59-60
- 2) McGill Choral Society Executive: 59-60
- 3) Freshette Reception: 58, 59
- 4) Water Show
- 5) Chairman of Props 58
- 6) Social Committee of Students' Union: 58-59

INTA FRISMANIS

By virtue of her enthusiastic participation in varied campus activities, we are certain that Inta Frismanis has the ability to fill responsibly the position of Vice-President of the Women's Union. Her activities include: Blood Drive, Open House, Psychology Club, Plumbers' Ball Ticket Sales, Physical Education Registration, Red and White Revue Poster Distribution, Intramural and Intercity basketball, and Rifle Club. If you vote for Inta, you will be voting for a capable, willing executive member for your Women's Union.

VITA LAND

Since coming to McGill, Vita Land has been very active in a variety of campus organizations. She worked on last year's Women's Union Bazaar, and has handled publicity for this year's Scholarship Fund Card Party.

In addition, Vita holds executive positions in the Conservative Club as Vice-President, in SCOPE as Secretary, and in Hillel as a governing board member, having also been active in Open House, Blood Drive, Choral Society, and Debating.

Because of her proven executive ability and willingness to work, we, the undersigned, feel Vita Land is most qualified for the position of Women's Union Vice-President.

Non-Resident Member-at-Large

ANN BENNETT

We, the undersigned, do nominate Ann Bennett for the position of non-resident Member-at-Large of the Women's Union. In second year Science, Ann was an honours student at Marianopolis College last year.

In her first year at McGill Ann has already shown her enthusiasm by working on the Blood Drive, MCWA, and W.A.A. publicity. A member of the Newman Club and of the Pre-Medical Society, she intends to try out for the McGill ski team.

Because of her high scholastic standing and her varied interests, we heartily propose her for the above position.

HEATHER BOURNE

Heather Bourne came to McGill this year from Port Credit, Ontario, with her Senior Matric. Already in her first two months here she has worked on the Blood Drive, and is in the Water Show and Choral Society.

At Port Credit High School, Heather was President of the Honour Society for high scholarship. She was also Eston's Junior Councilor, a member of the Girls' Athletic Association, and worked on the school yearbook.

We, the undersigned, feel Heather's past activities and present interest in McGill well qualify her for the position of non-resident Member-at-Large in the Women's Union.

W.A.A. REPRESENTATIVE

CLAUDIA BIERMAN

Claudia attended Mount Royal High where she was President of the Girls Athletic Association. Throughout High School, she played on the Basketball, Volleyball, Tennis, Track and Field, Skiing, and Badminton teams. She set a record in high-jumping and won the Tennis Club Championship twice. Claudia was awarded the Rose Bowl as the all-round girl of her school, and the trophy for the most outstanding athlete in the Town.

At McGill, Claudia played intramural tennis and basketball. She was team captain in basketball. With this background, we believe Claudia would qualify as First Year Representative of the Women's Athletic Association.

BERTHA KALIFON

In giving our support to Bertha Kalifon, we feel that she has the personal qualities and past experience for this position. A graduate of Outremont High, Bertha's McGill activities include: Freshman Tennis Tournament; Badminton Doubles Crown; singles runner-up; Ice Hockey; Swimming Manager; Sports Writer; McGill Daily; Novice Debating Program member; Students' Union Committee work; Women's Union Book Exchange.

Bertha's High School record reads: Girls' Head, Honourary Society; Winner of the Highest Athletic Award, twice; Interscholastic Badminton, Basketball, Track and Field, and Volleyball; Girls' Sports Editor, newspaper and magazine, two years; Class Sports Leader, four years; Referee and coach, Montreal schools, four years.

STEPHANIE NIXON

During Stephanie's four years at Mount Royal High School, she represented her school on many athletic teams including basketball, track and field, and badminton. In her last year she was active on the Girls' Athletic Association.

Already Stephanie has shown an interest in McGill athletics. She is in the Water Show and on the Recreational Activities Council (Publicity) The Blood Drive and Open House Ball have gained her help and she is on the Prizes Committee for Winter Carnival '60.

We recommend Stephanie to represent first year on the W.A.A. Council because of her interest, enthusiasm and experience — particularly in promoting athletics.

Undefeated TDX's Whitewash KRT's

Thela Delts extended their winning streak to two games by blanking the K.R.T.'s 12 to 0 on mud slicked field. Both majors were scored on passes by quarterback Al Robinson to Derek Towle and Dick Tees. Bob Morrison starred for the defensive team with a key interception early in the second half. The T.D.X. team turned back all offensive thrusts of the K.R.T.'s, leaving them unscored upon this season.

AD's vs DEKES

In another IFC contest, Gougeon scored the lone major as the A.D.'s defeated the Dekes 6-0. Peters and Walmark led a powerful defense in sustaining the Deke drives.

In the first half, Cape hit for a single to give the A.D.'s their lead. In the second half, Cape threw to Jim Gougeon for the T.D.

Intramural Highlights

by ED BIERBRIER

Today we end our weekly review of the intramural scene for the first term. All leagues will continue on and the playoffs commence after we return for the latter half of the year.

COMMERCE EDGED

Dave Martin scored the lone Commerce goal in a losing cause as Bob Johnson and Chuck Casey pumped in goals to give Dents a 2-1 win. Commerce had fourteen players out and gave it all they had, yet only one goal was put in between them. With a little more, Commerce might have done it. This game was marred by ten penalties, five to each side including a misconduct a piece.

Dave Angus and Murray Greenwood, scoring four and three goals respectively, led the Shysters to an 11-0 victory over the Architects. Jim Grant hit for two goals and three assists. The other contest on tap this week saw the Architects and Arts & Science battle to a 0-0 draw.

MONEYMAKERS WIN IN VOLLEYBALL

The Moneymakers of Commerce took two successive games in setting back Med II by 15-2 and 15-5 scores. Grads bowed to the Mops of Arts & Science 15-12, 15-5, while the Dents' Full Crowns defeated the Scrabblers of Engineering 15-2, 15-10.

Med 3 turned back the Whites of Arts & Science 15-8, 15-1. The next match saw the Preps of Dentistry hand the Bevels of Dentistry a 15-1, 15-10 loss.

Engineers' entry defaulted to the Carvers of Dentistry. Only three Raunches showed up. Med 1 was the only losing team to be credited with a single game won. The Ayoub's of Arts & Science came through 10-15, 15-6, and 15-11.

COMMERCE ENTRIES WIN, LOSE

The Todders of Commerce scored one goal in the opening period and went on to whitewash the Epars of Engineering 4-0 in a floor hockey game. Peter Brick scored two goals, David Rattee one, and Mackenzie had one.

The other entry, Commerce, lost 4-2 in a hard fought contest. Al Turnbull was credited with two goals for the winners. Marty Nadel played well for Commerce and scored a goal. Donovan got the hat trick as Law shutout Architecture 9-0, while Eli Masters, Irwin Tolensky, and Norm Kadanoff combined with one goal each to whip Med 1 3-1.

ENGINEERS BLANKED

Norm Fedder, Jack Jackson, and John Walker scored one goal a piece as they blanked Engineering 5-3-0 in the final two games. Sam Butman picked up a hat trick and spearheaded a Mucker (Engineering) win 6-3 over the Omicrons of Engineering. D.T.'s of Dentistry walloped Med 2 10-1. Amazingly enough, seven Dent players scored goals. Tom Steff, Leo Konyk, and Bob Johnson figured with two each. Single markers went to John Roberts, Chuck Casey, Bob Katawaki, and Bill Fraser. Derek Wyant contributed the sole Med point.

THE END...

Basketball scores were unavailable and will appear in our next column. And so this article marks the end of the intramural reporting for the initial term. Participation in all activities was extremely high. In the second half we hope to see interest at the same level as last year when students relaxed amidst their studies with intramural activity.

Poloists Seek Fifth Title In Succession

by LEON JACOBVITS

Coach Ross Firth disclosed last week the names of the 10 players who will meet the Toronto Blues in the annual intercollegiate water polo contest which will take place this Friday night at 8 P.M. in the Currie Pool. The McGill Redmen have won the Hershorn Trophy, emblem of college water polo supremacy, four times in a row, and are readying themselves to win the cup for an unprecedented fifth time.

Oldest and most experienced player is veteran defenseman Leon Jakobovits who is putting in his fifth straight season with the Redmen. To help him to keep the enemy scoring guns

quiet, will be guards Morty "Big Bill" Bellinsky and Andy Hal-may. The team's heavy scoring power is composed of two power lines with centres Cameron Grout and Ed Mills flanked on either side by forwards Eddy Menashe and Leon Taylor on one line, and on the other by Dave Sherwood and Pete Hal-may. To the hardest working man on the team, Henri "Rocket" Polkki, goes the toughest position, centre half. Sharing the thankless task of defending the McGill nets will be goalies John Chabrol and Juris Swistunenka, two boys who have proved themselves before in intercollegiate competition.

“Where do I go from here?”

You've got to decide for yourself where you want to go in life. Practically everyone finds it difficult to select the right career. There are so many to choose from, and it's sometimes difficult to get information on a job in which you are interested.

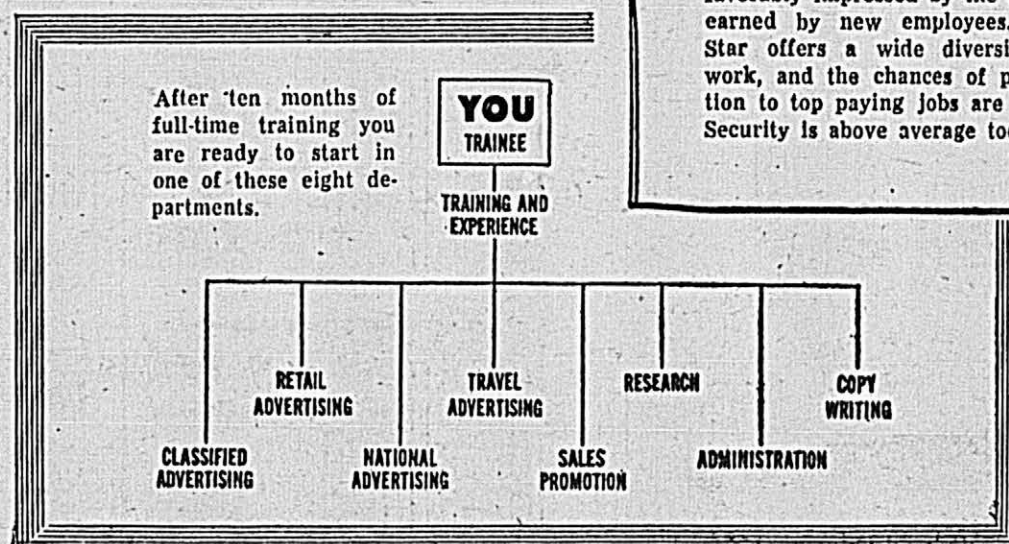

We believe that a career in newspaper advertising is worth your serious consideration. There's an indefinable something about working in the advertising department of a newspaper, especially a big paper like The Montreal Star. Perhaps it's the daily challenge of the "deadline", perhaps it's the knowledge that the paper is bought every day by thousands upon thousands of readers. Whatever the reason may be, people who work in newspaper advertising are very much alive.

Naturally, you're interested in pay. Who isn't? You'll probably be favorably impressed by the salary earned by new employees. The Star offers a wide diversity of work, and the chances of promotion to top paying jobs are good. Security is above average too.

Here's what some new staff-members say about our Training Program:

- "Interesting... very helpful"
- "Excellent"
- "Very good, very interesting"

These opinions are prejudiced of course. But they are entirely honest and given voluntarily.

If you'd like to learn more about working with us in advertising, we suggest you call VI. 5-5101 Local 270, and ask for Dick Sanders. Dick is a young university graduate who has just completed his formal training, and is now one of our advertising representatives. He will glad to have an off-the-record talk with you, and give you a frank appraisal of his job.
